Danish designer Maria Berntsen has created the classic, yet unique Mobile pendant in a slim and elegant design. The two rounded shades and discreet brass detail give the pendant a modern and light look that is perfect above the dining table. Light reflects from the bottom shade onto the opalized top shade releasing a beautiful, diffused and glare-free light. You can easily adjust the shades closer together for a centred, downward light or further apart for a more diffused light spreading out in the room.
