

AMELIA L BALL LED Black fan SMART Ref. 33761WP-26

AMELIA BALL LED is a very different ceiling fan. This black ceiling fan has been designed by Héctor Serrano with a very light style, and curvy and organic shapes, and with a small and aesthetic motor. The area where the light source is located is oval shaped, giving it more emitting surface area and preventing glare, which makes it perfect as general lighting. The light source is regulatable in intensity. It has 6 regulatable speeds, with a consumption of 5 - 7 - 10 - 15 - 19 - 28 W and 67 - 99 - 123 - 143 - 162 - 189 rpm. This fan has a reverse function, so you will also be able to use it in winter, thereby improving the efficiency of your heating system. Activated with a remote control included and suitable for sloped ceilings. It also has

General characteristics

Fixation Ceiling
IP 20
voltage 50/60Hz
